
Enterprise High School, Redding California

FOR IMMEDIATE RELEASE: December 9, 2013

Enterprise High School announces Hunter Wright on his Open Water Challenge of swimming the Straits of Magellan in January 2014

Redding, CA December 9, 2013 – Hunter Wright is a senior attending Enterprise High School. Over the last four years of attendance he is captain of the swim team, homecoming king and a great student. Enterprise High is happy to announce that Hunter will be on his way to Punta Arenas, Chile in January 2014 to swim the challenging Straits of Magellan without a wetsuit.

Enterprise High School is proud of Hunter for his accomplishments he has achieved so far. To name just a few he has completed 20 Alcatraz, San Francisco bay crossings, 8 Golden Gate Bridge crossings and numerous 10k swims. These include San Francisco bay and Tel Aviv, Israel as he took a very respectable first place finish against Olympic swimmers.

Enterprise High School and the Redding community are all anxiously awaiting Hunter's upcoming swim in Chile. Completing this swim is a goal well within Hunters reach. He is a focused and driven young man. We all stand proud that such a great representative of our community is achieving such high goals.
